HEAT KILLS 16 IN MIDWEST PERSHING MAY VISIT RICHMOND

WAR VETERANS INVITE FAMOUS MEN TO CONFAB

General Pershing, Senator Johnson, Samuel Shortridge, Nathan Combs Expected Here
SEVERAL THOUSAND COMING
Plans Develop For Bi-State Convention of Veterans Here, On June 25, 26, 27

When the Veterans of Foreign Wars convention opens here on Thursday, June 25, it is hoped that General John J. Pershing, commander in chief of the American Forces in France, Senator Hiram Johnson, Senator Samuel Shortridge, Major Royce, director of the Veterans' bureau, Nathan Combs, department commander of the American Legion, and Carrol Roberts, department commander of the United Spanish War Veterans, will all be present to make speeches and participate in the other ceremonies in connection with the encampment.

That a great effort is being made to bring these prominent men to Richmond on June 25, 26 and 27, was made known last night, when at a meeting of the encampment committee of the Veterans of Foreign Wars in Memorial Hall, F. A. Heeger, secretary of the committee was instructed to issue invitations, urging them to be present.

It is expected that the visitors and delegates to this convention will number far up into the thousands, and it is desired to keep every one of them in Richmond if possible during the three days of the encampment. In view of this fact, an earnest request is issued to the residents of Richmond, who have a spare room to put it at the service of the Veterans, for sleeping quarters for visiting delegates.

Ralph Wood, chairman of the committee is in charge of these rooms, and it is requested that anyone having such a place get in touch with him as soon as possible at the Memorial hall in Twelfth street.

Every member of the committee at the meeting last night declared great progress in the arrangements for the affair. It is planned on Friday, June 26, to take all visitors and delegates for a tour of inspection to the Standard Oil company. Automobiles for transportation to Point Richmond will be furnished by the Richmond Elks, Masons, chamber of commerce, and Richmond Merchants' association.

RECORD PARADE AINED.
J. E. Robbins, was named chairman of the parade committee for the evening of June 25. He stated that he would arrange for one of the largest parades ever staged in Richmond, and also have it one of the best ever seen in this city.

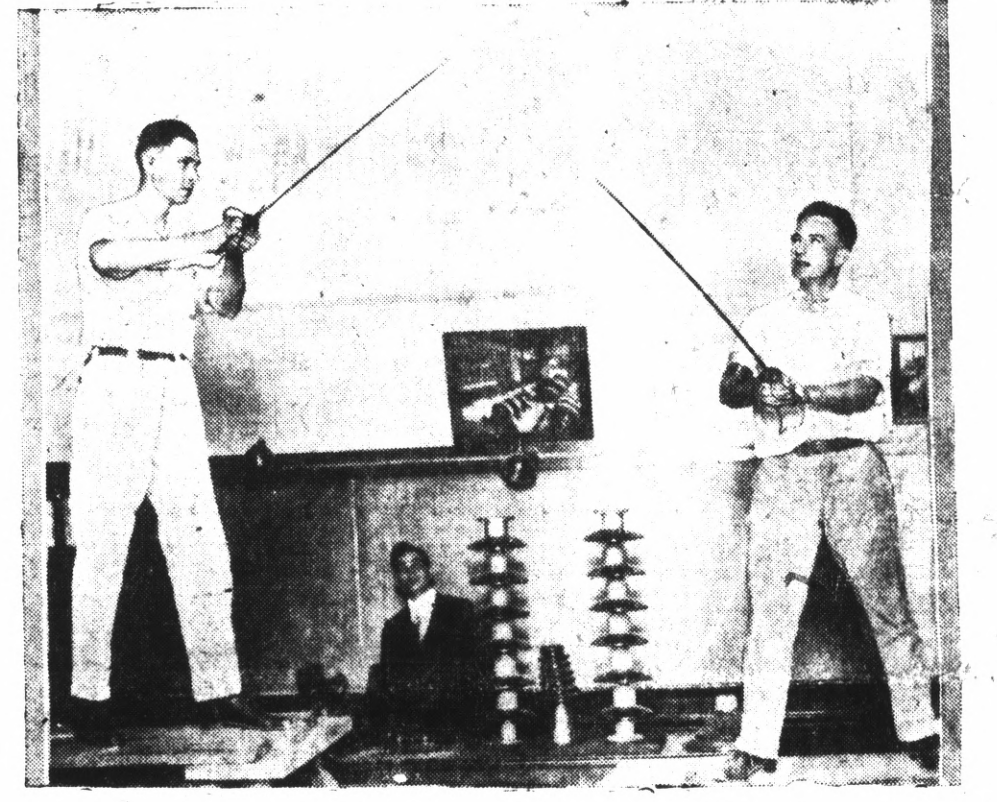

The entertainment committee is also working hard to provide adequate amusement for the visiting veterans, and it is anticipated that they too will be able to keep both visitors and residents in a good humor during the three days.

\$65,000 Worth of Fire Equipment Bonds Approved

The ordinance providing for the issuance of the \$65,000 worth of fire equipment bonds was given its final reading by the El Cerrito board of trustees at their meeting Monday night, and was declared adopted. The bonds will run over a period of 20 years and bear interest at the rate of 5 1/2 per cent.

The bonds will probably be offered for sale this month in order that money will be on hand to go ahead with plans for a new fire house, fire engine and other equipment.

Acting on the suggestion of Trustee Fred Lutz, the board decided to meet some Sunday in the month of June to decide on the location of new fire hydrants which are to be installed as the result of the bond election for fire equipment. The exact date of the meeting was not set.

The East Bay Water company reported to the board that they had installed a six inch two way hydrant on Lexington avenue near Fairmont. The communication was placed on file.

200 BANDS IN SHRINE PARADE IN LOS ANGELES

Blase City of the Southland Is Startled by Remarkable Parade Of Shrinedom

MOVIE HOSTS IN RECEPTION

Concerts and Competitive Drill Work Today to Close With Electrical Parade

By CHANDLER SUPRAGUE
Staff Correspondent Universal Service
LOS ANGELES, June 2. The first big parade of the Shrine national convention wound through the streets of Los Angeles today. And it made this city somewhat like as to parades, sit up and take considerable notice. It was a humdinger.

Two hundred bands, tooting and pounding away with the zeal always dominant in a shrine band, from a musical for in brass bands. And when all the color and pageantry of Shrine patrols and chapters are marching with those earnest musicians, it is something to look at.

The parade, starting in the business district, filed between dense masses of people to the Coliseum where a crowd of 60,000 awaited it. As each delegation entered the enclosure, it staged an exhibition drill and was greeted with paeans of applause. It was a most colorful scene.

Second only to the big interest in the parade was the Hollywood show-up in the bowl, preceded also by a parade in which all the movie stars strutted about gaily or rode with languid hauteur due to their importance in the scheme of things movieish. The vaudeville performance at the bowl was tremendously successful and each and every Shrine can now go home and thrill the boys at the bank by telling them what Norma Tamadze and Mary Pickford nearly look alike although neither of them was there.

Concerts and competitive drills will occupy most of tomorrow's winding up with a big electrical parade at night. The city meanwhile, has taken on the shrines to her heart, and is already casting bungalowish eyes at several thousands of potential and embryo Angelinos.

Boy Scouts Plan Big Encampment At Mt. Diablo To Open June 8

Treasure hunts and nature study trips, athletic meets and musical shows, will beguile the time of the three hundred Richmond Scouts who leave their lessons on Monday, the eighth of June, for a two week stay at Camp Diablo.

Drills, songs, volleyball, stone classes, political rallies and vaudeville will be crowded into the four ten day program that will keep every tenderfoot and master scout on his uppers.

Every hour of the day has been plotted for the boys from reveille at 6:30 a. m. to 9:15 in the evening, according to Scout Executive J. E. George whose ten years experience in summer camps will serve him well in guiding these men of tomorrow.

Mitchell Canyon, in the shadow of the towering crags of Mount Diablo, has been chosen as the Scout Camp Site. A crystal stream tumbles through the vale, nature calls from every side. Winding trails, rock caves and an abundance of animal and vegetable life will keep the new scouts busy passing their nature study and geology tests.

A special swimming pool has been provided with a spring hot and high dive.

Special awards will be given to the troop having the largest camp enrollment and to the boy with the highest camp efficiency. Lanterns will be awarded for tent inspection each camp period.

The camp will last six weeks, boys from other towns in Contra Costa County attending as well as Richmond.

Eleven members of troop No. 2, of the Richmond Boy Scouts have signed to go to Camp Diablo for two weeks beginning June 8 according to the report issued at the last regular meeting of the troop yesterday evening.

Justice of Peace A. H. MacKinnon of El Cerrito and Mr. Maurice Deedy of this city witnessed the closing ceremony and games of the troop. Tests in Nature study, hike and handicraft were passed by Scout Bernard Hoffer.

Capain is represented by Attorneys Hall W. Sanders and William T. Kearney.

MANY HURT AS STORMS ADD TO HEAT DAMAGES

Chicago Is Heaviest Loser In Death Toll While Iowa Has Largest Property Loss

MANY ARE FATALLY INJURED

Wind and Electrical Storm Increase Havoc Wrought By Terrific Heat Waves

CHICAGO, June 2. Sixteen dead and at least 20 injured, several probably fatally, was the toll left in the Midwest and in Eastern States today in the wake of a gradually diminishing heat wave which yesterday sent thermometers throughout the district climbing to a new high mark for June 1.

The heat and the severe electrical and wind storms, which wrought some measure of relief from it, claimed four lives in Chicago, three in Cleveland and two in Des Moines, two near Wayland, Mo., one each at Cedar Rapids, Muskegon and St. Louis, and one each at Pittsburgh, Pa., and Boston, Mass.

Western Iowa was the center of a violent wind and electrical storm which played havoc in that section and in Eastern Nebraska and Southwestern Minnesota. A 90-mile-an-hour gale leveled dozens of houses, uprooted trees and paralyzed wire communications. Damage, it was said today, will run over \$100,000. A the storm moved East the force of the wind abated and at Des Moines it was the lightning which took the human toll, bolts there killing a coffee and a farmer.

Missouri and Southern Iowa Kansas also paid tribute to the wind in lives and property damage. Missouri's victims were killed when their cars were swept from the road by the gale. No loss of life was reported from Kansas.

NEW OFFICERS ELECTED HERE BY LIONS CLUB

Without competition the following officers were named to officiate in the Richmond Lions club for the coming year, at an election held yesterday.

William S. Pares, president; E. F. Callahan, first vice-president; Zeb Knott, second vice-president; W. A. Porter, third vice-president; A. C. Farns, secretary; Fred Canale, treasurer; Elmer Smith, rail twister; and Dr. L. A. Hawk, lion tamer.

There were 12 nominees for the board of directors and B. N. Tucker, E. J. Garrard, J. O. Ford, J. P. Stroud and D. W. Reardon were chosen. Wilbur Pierce gave a short report of the San Diego state convention. E. B. Anderson, of the Walnut Creek Lions, asked the organization of the Richmond club in sending a car load of Contra Costa warrants to the national convention at Cedar Point. It was voted that the two clubs would each stand half the expense of sending and distributing the warrants.

To enable members of the hotel committee to attend the campaign luncheon the meeting was adjourned at an early hour.

PAY UP

Our friends abroad, in high diplomatic posts, are reported to be disturbed over the form of the latest message from Washington intimating that the time has arrived when they should begin to either pay us what they owe or explain the delay. Their criticism voiced in their official newspapers, is that we have re-adopted the old plan of shirt sleeve democracy. They admit the debt, but argue that it is not nice on the part of the United States and that it is in violation of diplomatic usages, for a demand for payment to be made in such form. President Coolidge, for his part, is not apt to be disturbed or affected by any charge of this nature. If asking a debtor for a payment, or at least his plans for payment, is shirt sleeve diplomacy, it would seem it is a wise move. The money loaned to these several nations was earned by men in shirt sleeves and, at times, with even less clothing, and there is a sense of fitness in going after the recovery of this money after the manner in which it was first earned. A too lenient creditor can often do more harm to the debtor than one who presses for his account. There is not a cross roads in the entire nation but possesses at least one man who has been made useless because those who have helped him through sympathy have failed to enforce repayment. Nations, after all, are only aggregations of humans, and the same rule holds. The people in all the countries in question are sturdy, upstanding in their own right. They are anxious to pay, but it is the politicians over them who are making this unfair gesture of disinclination to meet the obligations.

France has been suffering from a case of "politicianitis." Her politicians have not played the game fair with the citizens of France. The French, a sturdy and industrious race of people, when one talks with them, are not in favor of the evasion of any debt. The politicians in France, incredible as it may seem, have not realized the moral sternness of purpose of the French people. This is where their psychology is at fault.

The pathway of Minister of Finance Caillaux is not one of roses, for he has assumed office after the socialists, communists and other radical forces of France have placed upon the backs of the French people a burden for which there was no necessity.

It is not to be thought for a moment that the reported plan of the payment of our debt being contingent upon the payments made by Germany to France will be accepted by the debt commission of this country. Were the United States to become a party to such an agreement we would be placed in the position of a collector of reparations from Germany.

The American position as outlined by Mr. Coolidge consists of sympathetic consideration for Europe, but it nevertheless recognizes the fact that Europe must cease orating and help shoulder her own responsibilities. She must put aside the paraphernalia of war and must garb herself in the garments worn when industrial and economic rehabilitations are to be effected.

CARELESSNESS WITH FIRE INEXCUSABLE

The fire demon is taking an increasing toll every year in this country, on account of careless folks in the mountains. They ride in comfortable automobiles throw smoking stubs of cigars and cigarettes into the brush and leave coals in their campfires. Such habits are dangerous even in the city, where there are paved streets, tiled floors and electric stoves; but they are fatal to the future of our forests.

Fires swept over thousands of acres of timber land last summer and fall. The time of year is approaching again when such fires may be expected. Every citizen who goes into the mountains should have impressed upon his mind in some manner the tremendous fire responsibilities that rest upon him along the roads, trails and in the camps.

MINING AND OIL SOUND INDUSTRIES

The mining industry as a whole has always suffered as the result of questionable methods of promotion in a very small percentage of mining operations. After every great boom that picks off most of the sucker money, mining settles back to steady progress that is a boon to mankind. Then another boom comes along, with its horde of get-rich-quick promoters who prey upon the public—and drastic laws are passed to fit such cases, but they often hurt the whole mining industry.

The legitimate oil business suffers greatly from misleading promotion schemes.

Mining and oil production are two great western industries which deserve the encouragement and confidence of the public. If the investor would use the same judgement in buying the securities of these properties, that he would use in any other business transaction, there would be few tales of great losses such as we now read of in connection with fraudulent mining and oil promotion deals. Don't blame these industries, blame yourselves for your own carelessness and credulity.

The American Golf Enthusiast usually chooses Short Skirt, Manish Shirt and Sweater.

WHILE linen is so often chosen for the tennis frock by the French dressmakers who take the making of real sports clothes seriously, on the golf costume they choose woollen material. Redfern makes a costume consisting of a woollen skirt and jumper. The idea is of course that wool being a more delicate sort of fabric does not heat the player as tennis does. Moreover there are always frequent intervals of repose with the golf player when the linen frock worn in tennis might leave one a trifle chilly.

But the American woman has a persistent dislike of wool next her skin, due doubtless to our warmer climate. While she may play in a woollen sweater she wants to wear a washable skirt beneath it.

Scrambled Eggs: To every egg allow one tablespoon of butter, one less spoonful milk, a pinch of salt, a dash of pepper, a square of buttered toast.

Melt the butter in a small enameled saucepan, break the eggs into it, add the milk, pepper and salt, and stir the mixture over slow heat until the eggs begin to set. Pile in heaps on buttered toast. Do not cook too long or fast or the eggs will be heavy. They should be light and moist.

Breakfast: When cold remove all the fat. For reheating, put back some quite small pieces of meat also, carrying hot up, then thicken with a tablespoon of cornstarch mixed to smooth paste with a little milk. Leave to simmer for ten minutes, then serve. Two tablespoons of meat extract improves the flavor.

Date Pudding: 1-2 lb. of dates, three cups of beef suet, three heaped tablespoons of soft-raising flour, three heaped tablespoons of fine bread crumbs, three heaped tablespoons of sugar, one egg, one cup of milk.

Stone the dates and chop them roughly; make the bread crumbs, stir all the dry ingredients together. Beat the egg, mix it with the milk, and stir in gradually—beating all together for a few minutes. Scrape the mixture into greased bowl; and stand it in the saucepan (the water should now be boiling). There is no need to cover the pudding, but you will, of course, put the lid on the saucepan. Be careful to adjust the gas to the right height to keep the water boiling moderately the whole time (about two hours.)

WHERE IT STARTED

"RED TAPE"
Legal and official documents were usually tied with a piece of red tape, and are still so fastened. The origin of the custom is unknown, but it is of great antiquity. The use of the words to mean useless business formalities is attributed to Sydney Smith.

WIVES WHO AND WHAT'S HAPPENED

SALLY LEE has been to Atlantic City on a public subscription in a fashionable hotel after quarreling with her husband.

TOM PORTER, her husband, of a year, who rents her a house even though she does it in order that he may live more comfortably.

TODAY'S INSTALLMENT

XXXV—WRITTEN IN HASTE

SALLY went to bed but she couldn't sleep. Over and over in her mind she turned the events of recent days trying to find some meaning in them, something that would make her decide what to do. She had never felt so alone, if she only had Tom!

But he had put a gap between them that she couldn't bridge. She would show him that she didn't need him. He decided grimly. "Oh, but I want him," she sobbed to herself, twisting and turning sleeplessly.

Finally she despaired of getting any rest, got up and fumbled around in the closet for her kimono. She must settle this tonight. She couldn't rest until she did.

Her hands fumbling through the clothes in her closet, felt the silken strands of the fringe on the shawl Jerome had given her. With bathing cap, though it had been some time, she took it from the closet and thrust it on her head. Clutching her kimono about her she wandered over to the window.

The sea pounded on the beach below, and waves as it hit the shore seemed to take from her energy. Her troubles like those restless waves seemed to be pounding in her brain.

"Oh, if I only had someone to help me," she kept thinking over and over. "Some friend who wouldn't misunderstand me." She had turned to Tom in her seeking for something to do in life and he had scorned all her efforts to be a helpmate. She had tried so hard—and he didn't want her. She had followed him and Jerome in a search for happiness—and they had tried to take from her her self-respect. Even Emily had turned against her when she tried to be generous and friendly. Was there no one else?

As she paced up and down the tiny room, suddenly she thought of David Stone. He was the only real friend she had. Why hadn't she thought of him long ago?

She switched on the light and grabbed some letter paper and a book so that she could write on her lap. Curled up in the narrow window seat, she wrote and wrote—scratching out and tearing up the phrases that seemed to reek of selfishity.

Finally she poured out her very heart to him. "You're the only real friend I have," she told him, "and I need your advice. I don't know which way to turn. So many things have happened and I am so unhappy I don't know what to do. If I could only talk everything over with you I know that you could advise me. We aren't very busy here, and I think I could get two days off next week and come to New York. Or if you could give me the my old job back I

"Confessions of a Queen," Starts Today at The California Theatre

Lewis Stone and Alice Terry in "CONFESSIONS OF A QUEEN"

If you were a Princesses and were forced to marry a King, wouldn't you rather resent him, even if he were good looking and kind and noble.

If after you had become the Queen and you found your King had been trifling with dancin' girls and women of the world, wouldn't you despair and be sorry you had been born of royal blood?

Then if a dashing handsome Prince came into your life, even though he were your King's cousin wouldn't you almost wish that it were possible for you to cast duty aside for love?

Then if you had a little son wouldn't you fight for the throne for him, even if his father the King wanted to abdicate? And finally after things apparently became a hopeless mess wouldn't you be surprised and delighted to have them turn out in a most pleasant and desirable way?

"Confessions of a Queen" presents just such a story on the screen at the California theatre commencing today. It is a Victor Seastrom production.

"Dangerous Maid" At The Richmond

Both Constance Talmadge and Marjorie Daw are thrown into a dungeon and taken away for execution in the same sort of a tumbrel which carried the queen of France to the guillotine in the Place de la Concorde in Paris.

It all happens in "The Dangerous Maid" Constance's current picture. "The Dangerous Maid" is a Joseph M. Schenck production starring Constance Talmadge.

It was directed by Victor Heerman for First National release and will be shown at the Richmond theatre today and tomorrow.

The story of "The Dangerous Maid" is laid in the turbulent times when the Duke of Monmouth rebelled against King James II of England.

Constance Talmadge has the role of a madcap little rebel who dons a cavalier's sword and costume and engages in a thrilling series of adventures with the officers of the king.

The story gives Constance her first opportunity to play a dramatic role, and the picture, although it contains many humorous situations, is replete with romance and love interest and is embellished with superb sets.

Other features on the same program include "Motor Mad" a Live Comedy; "Prizma" a screen magazine.

June, and the Telephone

ROMANTIC June, with its weddings and graduations, brings many urgings to the American heart to be off to some distant place.

Why not go, when the campus calls to the colors, when sons and daughters want your presence at commencements, when you feel the stir to be somewhere else, as audience or actor?

With long distance to serve, you can be wherever you want

to be. There are 16,000,000 telephones in the nation-wide communications service built for your use. One of them is always near to send back decisions and desires to home or office, or carry words of love or greeting to places that call your thoughts.

The romance of life is in the air, and the great romance of modern days—universal telephone service—is yours to further it.

Central America Show in Movie At Wesley M. E.

The Earl Williams production, "Fortune's Mask," which will be shown at the Wesley Methodist church, Friday evening at 7:15, is one of the best ever used as a working basis at Western Vitagraph. Over 500 persons were used in the great scenes where news of the Central American president's assassination became known, and later when Ramon Olivarra comes into his own and is proclaimed by the populace. The hundreds of immense straw sombreros being hurled into the air as the jubilant people acclaim "Licky," present and odd and altogether startling feature the noonday scene in Central America. As a presentation of human pep in picturesque guise the great set and its hundreds of enthusiastic people prove an admirable example. Complementing from Williams' magnetism is Patsy Ruth Miller, who assumes the role of Pasa Ortiz. The girl ranks among the most beautiful stars on the screen today. Hers is the particular beauty called for by the picture, dark eyes with long lashes, olive complexion, and graceful. Patsy Ruth is building herself new world's to conquer. One of the humorous situations of the picture occurs when she discovers that her "Dick" has been wearing a blonde wig. Oliver (Babo) Hardy, as the Commandante, makes a splendid appearance. Well over six feet in height, a man of great weight, though goodly proportions, Hardy, as the fierce and disgruntled Commandante, will attract any audience.

In a game absolutely devoid of thrills, the El Cerrito Merchants defeated the W. S. McCracken ball club by a 4 to 2 score at first street last night. Although the fans were disappointed in not seeing the apple sailing over the fence for homers, they saw a tight battle and it was only after 7 hard innings, the Merchants were able to conquer.

Camp and Murphy, respective hurlers pitched about on par with each other with Camp probably having a shade more showing than Murphy. Camp, who was the tosser for the winners, allowed 2 runs, 4 hits, and walked one man, while Murphy was slammed 6 times for 4 runs, and walked a pair of men. Camp struck out 7, Murphy 4.

The longest hit of the day was a two bagger in the fourth by Benson. Benson batted 100 in the game, securing three hits out of three trips to the rubber. He didn't get a run however. Wetzel proved to be the best man at traveling over the circuit. He made three of the Merchants 4 runs. The McCracken club made both of its runs in the third.

This tells the tale:

Richmond And Alameda F. D. S. To Cross Bats

W. P. Cooper will take his Firemen's ball team to Alameda on Saturday at 1 p. m. to play a return game with the nine his men defeated last Sunday morning at First street. Manager Cooper has selected a stiff lineup both to enter the game Saturday and he has also a number of expert aspirants to the great national pastime who will be ready to step in and relieve any fielder the moment he falters. The men who will go to Alameda will be Huzefka, Addison, Buys, Dick Passch, Jr., Jessin, Morrisette, Martin, Merriman, Embach and Grady.

Davidson will not attend the game as he is on his vacation. Neither will Bill Moore, initial sacker de luxe, or Hathaway, who cavots about third, be seen at Alameda as they have made plans to try their luck with the abalone and clams that abound at Gillis beach when the tide is low.

Tahoe Council Plans Uniforms For Drill Team

Tahoe Council, No. 186, Degree of Pocahontas, has started preparations to raise funds to purchase uniforms for the newly organized drill team of the lodge. The means deemed best to raise these funds is to bring a large basket to each meeting to be filled with groceries, and when the basket is full, tickets will be sold and the entire package raffled off.

The meeting of Tahoe Council, which was held in Moose hall last night and presided over by Pocahontas Josephine Faltum, was attended by a large number of visitors from Neola Council of Crockett, and they as well as the many local members present greatly enjoyed the delicious supper served after the meeting by an able committee composed of Mr. and Mrs. Stratton, Evelyn Kalin and Mrs. Seward.

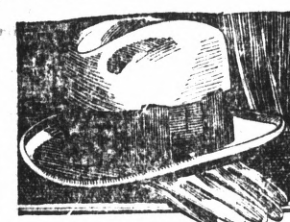

It was decided to postpone the previously planned dance and have in its stead a candy sale. No definite time or place was set for the sale, but the committee was appointed and will be composed of Elsie Westfall, Stella Thomson, Hazel Rogers, Irene Richards, and Evelyn Nerone.

Mrs. Violet Green, district deputy, was a guest of honor at the meeting. The drill team is practicing very hard in anticipation of the official visit of the Great Pocahontas here the latter part of this month.

If Back Hurts Flush Kidneys

Drink Plenty Water and Take Glass of Salts Before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Movie Planned By Elks Lodge At Each Meeting

The Mr. & Mrs. Snodgrass comedy presented after the meeting of the Richmond lodge of Elks in the clubrooms last night furnished so much entertainment to the members that it was decided that hereafter a picture will be shown at each meeting of the lodge. A special feature will be shown of the monthly entertainment night of the Antlered order. The picture last night was under the charge of L. B. Barber, chairman.

The picnic committee of the P. O. E. met last night and made further plans for the picnic to be

held by the lodge at Ramona park, near Danville on Sunday, June 7. It is planned to visit the new Elks building in San Francisco on the evening of Wednesday, June 17. It is expected that 500 local members will take the trip across in a body. The Advisory board of the Richmond Elks will convene in a special business meeting on next Tuesday night. Sunday, June 14, will be observed by Elks lodges about the bay as "Flag Day". Ceremonies in connection with this affair will be held at Lakeside park, Oakland.

The Man Who Says "I Can't"

There are probably some men in Richmond who cannot afford to buy even one block of stock in Richmond's New Hotel—that great civic enterprise that now occupies the attention of the entire community. There are probably some, but very few.

This hotel can not be put across with one block subscriptions. It will require a larger number than can be secured.

Let us see what it takes for just two blocks (two shares of 7% cumulative preferred stock and one share of common stock, no par value.) Payments, it will be remembered, cover period of ten months. Will you buy one block or one hundred, 20% of the total amount is payable in cash on or before June 15th, and the balance 10% monthly.

Now on this liberal basis of payment if you buy five blocks of stock means an investment of \$1.73 per day; three blocks \$1.10 per day, and two blocks .73 per day. Where is the man who cannot on this basis buy even two blocks of stock. Not alone a business investment but a civic duty, too. It's squarely up to every citizen in Richmond as an investment in the future of Richmond.

We MUST have this new hotel. We are going to have it. When it is built will you be able to point with pride and say "I helped to build that hotel."

TUBERCULOSIS OVERCOME
Oakland, Calif.
April 28, 1925.
For about three years I suffered from a bad cough and sore chest. I tried many doctors, all of whom pronounced my case Tuberculosis. My spittle was examined and showed tubercular germs. As I found no improvement from any of the treatments that I took, I decided to give the FONG WAN HERB a test, as a last resort. After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WAN HERB on April 16, 1924, but today, I am still well and have no sign of my former complaints. (Signed) MRS. A. ACKERMAN, Fort Bragg, Calif.
